

GIFTS THAT PAY YOU INCOME

Life income gifts are a wonderful solution for seniors who want to support ICCF Community Homes in a substantial way, but still need income for life.

Charitable Gift Annuities

A Charitable Gift Annuity provides you with a fixed annual income for life at an attractive rate, often double or triple the typical rate for CDs. A portion of the gift is tax deductible in the year given and a portion of your annual annuity payments will be excluded from taxable income. If the gift is given using appreciated stock, there will also be a considerable reduction in capital gains tax.

The minimum gift for an ICCF Charitable Gift Annuity is \$25,000. Payment rates are fixed, remaining the same for life regardless of what happens to the economy or stock market. The size of your payments depends primarily on two factors – your age and whether annuity payments continue throughout only your own life or extend to include the life of your spouse or another beneficiary, at which time the remainder (typically about 50% of the original amount) will then be given to ICCF Community Homes.

“Over the years, I’ve arranged for two ICCF Charitable Gift Annuities through Barnabas Foundation. They provide me with secure income and I can now give a larger gift to ICCF from my estate. Pete and I supported ICCF as donors and volunteers since the late 1980s so my heart is warmed to see their work flourish. Thanks be to God!”

Charitable Remainder Trusts

A Charitable Remainder Trust is another gift arrangement in which an individual or couple can give a substantial gift in support of ICCF Community Homes' long-term ministry and also receive income for life.

Unlike Charitable Gift Annuities, you can select an annual payout rate at the time a Charitable Remainder Trust is created. The minimum percentage must be at least 5%, and the maximum allowable percentage depends on your age or the term of the trust.

A **Charitable Remainder Annuity Trust (CRAT)** provides fixed payments year after year, based on a specified percentage of the value of the assets originally placed in the trust. The amount does not vary, even if the value of the assets in the trust increases or decreases.

With a **Charitable Remainder Unitrust (CRUT)** you'll receive variable payments based on a fixed percentage of the value of the assets in the trust, as computed on January 1 of each year.
